2001 California Drunk & Drugged Driving (3D) Prevention Month

FACT SHEET

The California Office of Traffic Safety and the California Highway Patrol observe December as California's **Drunk and Drugged Driving (3D)** Prevention Month. California's goals for this statewide observance include educating the public about the dangers of impaired driving and providing tools for enacting **3D Month** activities around the state and local communities. The 3D Month campaign also supports Governor Davis' Traffic Congestion Relief Plan by helping prevent traffic congestion caused by alcohol-related collisions.

Local organizations are encouraged to coordinate their own activities during the month of December to focus attention on the lives lost each year to drunk driving. Suggested activities include candlelight vigils, high school rallies, designated driver programs, alcohol-free celebrations and responsible hosting at parties.

For more information, please contact Mike Marando, OTS, at (916) 262-2975 or mmarando@ots.ca.gov.
